

# HOLY FAMILY NURSERY NEWSLETTER

April 2010

Dear Parents,

## Curriculum notes

Our theme this month is 'Growing'.

We will be talking about the changes we see around us as spring begins. It can help to give a child a sense of time to talk about the seasons as they come and go and to point out features of each season.

We will also continue our theme of animals as we look at mother and baby animals.

## Nursery Garden

Back in September the children enjoyed harvesting our potatoes, leeks, and pumpkins, and of course making soup. As we will soon be preparing our Nursery Garden for sowing, the children will have the opportunity during the next couple of months to see the beginning part of the growing cycle and seeing the seedlings and small plants develop.

## Happy April Birthday! to

Cillian McCabe, Anna Lavery and Amy Kearney.

## Nursery Fund

Once again thank you for your contributions last term. The final contribution of the year of £15 is now due. Thank you

Please see attached some of the rhymes we are doing in class in April.
